Metallurgy and Petroleum

**MANAGEMENT AND
ECONOMICS SOCIETY**

Hong Kong Chapter

An Exciting Programme Focused on Global Mining Markets in Hong Kong

11 September 2012 | 17:00 – 19:30

Join us in the Launching Ceremony of the Management & Economics Society (HK Chapter) of the Canadian Institute of Mining, Metallurgy and Petroleum for an exciting and informative programme. Recent developments like Hong Kong Exchanges and Clearing Ltd.'s acquisition of London Metal Exchange are contributing to the expansion of Hong Kong's role as Asia's premier financial center for Asian based international mining. This occurs against the back drop of Mainland China's demand for raw material and impact on valuations of commodities and commodity shares. A variety of expert speakers will illuminate these changes and their impact.
