Hi Sandy:

How is the beautiful BC weather treating you ? As discussed at the last council meeting, and after having discussions with various interested parties, I have put a plan/outline for accomplishing the TSE/OSE recommendations re: Valuations. It is intended to be placed before next council for approval. Please call me at 416-362-0007 so that we could discuss.

I value your advise in this matter and will fax you a copy of my ideas/motion. The intent is also to recommend the committee for approval at the same time.

The committee will have geographic, discipline and relevant society participation. I will fax the ideas. Please call me because I dont have your home number or fax.

Also I will like you **to second the motion**, due to your knowledge in these matters.

Yours Keith
